PROFILE

I am Dhruvi Sutariya, currently pursuing B.Sc. Information Technology (3rd year), with hands-on experience in PHP, MySQL, HTML, CSS, JavaScript, and basic Oracle. I have developed academic and real-world projects, including a complete University Placement Portal aimed at reducing placement workload and enabling direct communication between students and recruiters. I am passionate about learning new technologies, improving my problem-solving abilities, and seeking an opportunity where I can apply my technical knowledge, grow professionally, and contribute meaningfully to the organization.
